WORK EXPERIENCE

Intern Developer
May 2025 – Jul 2025

— Oromia Science and Technology Authority (OSTA)

Addis Ababa, Ethiopia

- Developed key modules for an Internship Management System to digitize application and approval processes.
- Built responsive user interfaces using React.js, Next.js, and Tailwind CSS.
- Developed secure REST APIs using Node.js, Express.js, and MongoDB.
- Collaborated with the development team to test, deploy, and deliver a reliable software solution.
- Improved efficiency by reducing manual processing through system digitization.

Full-Stack Mobile Developer
Feb 2026 – May 2026

— ATAIPA Project

Jimma, Ethiopia

- Co-developed ATAIPA, a mobile-first fitness tracking system, leveraging React Native for the frontend and FastAPI for the backend API.
- Engineered an offline-first architecture with automatic, resilient cloud synchronization for workout data, ensuring data integrity.
- Integrated AI-powered performance feedback and multilingual support (English, Amharic, Afaan Oromo).
- Developed secure REST APIs for authentication, workout tracking, and data management.
- Improved workout data accuracy and optimized synchronization performance through efficient system design.

Volunteer Developer
Sep 2023 – Apr 2025

— CBTP

Jimma, Ethiopia

- Contributed to the backend development of an e-commerce platform for cooperative stores as part of the Community-Based Training Program (CBTP).
- Developed backend modules for managing products, orders, and payments using scalable system architecture.
- Optimized database performance and built REST APIs to ensure reliable and efficient system functionality.

EDUCATION

Bachelor's Degree in Computer Science
Sep 2022 – Jul 2026

— Jimma Institute of Technology

Jimma, Ethiopia

- Jimma Institute of Technology
- Relevant coursework includes: Data Structures and Algorithms, Database Systems, Software Engineering Principles, and Web Development Fundamentals.
